

"Dignity, Honor, Respect: For all things living".

About The Rescue

In 2011, Animal Haven By The Sea was founded by Lee Blackmon to respond to the needs of animals in north Tillamook county.

With the help of many volunteers and local business owners, he has operated the non-profit organization as an unpaid volunteer.

To achieve the goal of a shelter for north Tillamook county will be a community effort. The Rescue needs volunteers with experience in writing grant applications, fund raising event coordination, community networking, marketing, financial management to name just a few areas of need that are waiting for your talent and commitment.

If you are interested in joining the Rescue volunteers, contact Lee directly:

Animal Haven By The Sea Rescue

North Tillamook County Animal Rescue

Animals that are lost, in distress, in need of a forever home, food, or of medical attention, are our focus.

We are on call to respond to animal needs through out north Tillamook county, from rural areas to the villages.

The long range vision of Animal Haven By The Sea Rescue is to have a north Tillamook county animal shelter, a wildlife sanctuary, and an adoption program for pets needing a safe, forever home.

Our mobile animal food bank carries animal food and medical supplies. We visit pet parents on limited incomes but with unlimited love for their furry companions.

We attend local events where we educate the community about the resources available to pet owners.

We visit north county senior care facilities with our rescue therapy dogs who enjoy a loving cuddle with the residents.

It is your support that enables us to assist all animals in need or at risk. Join us! Be a volunteer caring for animals in need.

How You Can Help

Give your time: Host our stand at local events. Collect donated animal food during food drives at our local markets.

Be a foster parent: Take a rescue animal into your home while a forever home is identified.

Donate: Funding. Every little bit positions us to never say "no" to an animal in need.

Be a Rescue Ranger: Be alert to animals in need. Report abuse or neglect before it is too late.
